HAND DELIVERED

RE: Mountain Regional Water Special Service District - Water Management Plan for 2007

Dear Mr. Sim:

Please find attached our proposed Water Management Plan for Mountain Regional Water Special Service District, for the year 2007.

As requested, I have also included two maps showing the locations of the Toll Gate Well and Atkinson Well #2.

The plan submitted is virtually the same as last years, with the exception of a new water right 35-10942 (a28410) for 67 acre-feet, which we acquired from Fieldstone Associates and was approved in 2005. The point of diversion for this water right is Well 15b.

Thank you again for your consideration, patience and dedicated public service. If you have any questions regarding this submission, please feel free to contact us at your earliest convenience.

Sincerely:

Doug Evans

Technology Director

Mountain Regional Water Special Service District

cc: Andy Armstrong, General Manager
